Professional Summary

Results-driven QA Automation Engineer with 5.5 years of experience in software quality assurance, specializing in test automation using Cypress and Playwright with JavaScript/TypeScript. Skilled in building scalable automation frameworks, integrating tests into CI/CD pipelines, and collaborating in Agile environments. Proven ability to improve product quality and streamline testing processes through robust automation and continuous improvement.

Technical Skills

- Automation Tools: Cypress, Playwright
- Languages: JavaScript, TypeScript
- Testing Types: UI, Functional, Regression, API, Cross-browser
- Framework Design: Page Object Model (POM), Data-driven testing
- CI/CD Tools: Jenkins, GitHub Actions, GitLab CI
- Reporting Tools: Mochawesome, Allure, HTML Reports
- Version Control: Git, GitHub, GitLab
- Web Technologies: HTML, CSS, JavaScript
- API Testing: Postman, Playwright API automation
- Methodologies: Agile/Scrum, SDLC, STLC

Professional Experience

LMS Solution India Pvt. Ltd.

QA Automation Engineer | Feb 2022 – Present

- Designed, developed, and maintained automated test scripts using Cypress and Playwright in JavaScript/TypeScript.
- Implemented Page Object Model (POM) and data-driven testing frameworks to improve reusability and maintainability.
- Executed UI and regression test suites across Chromium, Firefox, and WebKit browsers.
- Integrated automation suite into Jenkins and GitHub Actions CI/CD pipelines, enabling continuous test execution.
- Created and analyzed detailed test reports using Mochawesome and Allure, providing clear visibility to stakeholders.
- Collaborated closely with development and product teams to ensure high-quality deliverables and early bug detection.

Genesis Technologies

Software Test Engineer | Jan 2020 – Feb 2022

- Developed and executed manual and automated test cases for web-based applications.
- Performed functional, smoke, and regression testing across multiple releases.
- Contributed to framework enhancement by transitioning from Selenium-based scripts to modern Cypress-based automation.
- Reported and tracked defects using JIRA, ensuring timely resolution.
- Worked in Agile environment, participating in daily standups, sprint planning, and retrospectives.

Education

Bachelor of Engineering (B.E.) in Computer Science

Gyan Ganga Institute of Technology and Sciences, Jabalpur | 2016

Achievements & Highlights

- Reduced manual regression cycle time by 40% through automation suite optimization.
- Successfully implemented cross-browser testing with Playwright across Chromium and WebKit.

- Mentored junior QA team members in Cypress and Playwright scripting.

Soft Skills

- Analytical Thinking
- Problem Solving
- Team Collaboration
- Communication
- Attention to Detail
- Continuous Learning
